Oh my God
What have I done?
To leave this mess
The line's been drawn
I'm over the edge
And now we breathe slow and all alone

And I know what you want from me tonight

And I feel like you're leading me on
Time, it has to go
And oh, don't get me wrong
You came to every show
But I do appreciate it
Even if I don't say so
Without you here I'm all alone

A heart attack
I couldn't avoid
And now you're breathing down my neck
And what's the point?
You're shallow as hell
And now your friends are all that's left you

And I feel like you're leading me on
Time, it has to go
And oh, don't get me wrong
You came to every show
But I do appreciate it
Even if I don't say so
Without you here I'm all alone

And I know what you want from me tonight
And I know what you want from me tonight
And I know what you want

And I feel like you're leading me on
Time, it has to go
And oh, don't get me wrong
You came to every show

And I feel like you're leading me on
Time, it has to go
And oh, don't get me wrong
You came to every show
But I do appreciate it
Even if I don't say so
Without you here I'm all alone
