12:17 and I'm all alone
No ones breaking down
Or picking up the phone
You'll like this better baby
You'll like this better

Say goodbye to me
Say goodbye to this
Put a check on your list
Next to the things that you'll miss
You'll like this better baby
You'll like this better

I'm starting to hate
The things you say
When you say it's better off this way
Can't forget the day
You walked away
It was the day you changed your name

Everything I had
All I thought I knew
I retraced the steps
They traced back to you...

Everything I lost
All I thought I gained
Everything changed nothing stayed the same...

I'm starting to hate
The things you say
When you say it's better off this way
Can't forget the day
You walked away
It was the day you changed your name
