See my friends
Running in circles
Watching cars pass on the street
Missing daylight
Oh, the night light
Casting shadows of defeat

You got me looking out the shades
Waiting up for you
How much longer should I wait?
So...

Until you leave
My eyes will turn red for a minute
And I can't breathe
When she goes

She kills me nightly
On my way home
I see the moon begin to fall
The world it turns now
Leaves me breathless
Sing the saddest song of all

You got me looking out the shades
Waiting up for you
How much longer should I wait?
So...

Until you leave
My eyes will turn red for a minute
And I can't breathe
When she goes

Until you leave I am alone
(Until you leave I am alone)
Until you leave I am alone

Until you leave
My eyes will turn red for a minute
And I can't breathe (I can't breathe)

When she goes

Until you leave I am alone

Sitting patiently

But even if it's time to go

You will see

Until you leave I am alone (Until you leave)

Sitting patiently (I can't breathe)

But even if it's time to go (Time to go)

You will see

Until you leave I am alone (Until you leave)

Sitting patiently (I can't breathe)

But even if it's time to go (Time to go)

You will see
