When I'm feeling all alone
With so far to go
The signs that know we're on this road
Are guiding me home
When the night is closing in
Is falling on my skin
Oh God, will you come close

You light, light, light up the sky
You light up the sky to show me that you are with me
And I, I, I can't deny
No I can't deny that you and right here with me
You've opened my eyes
So I can see you all around me
You light, light, light up the sky
You light up the sky to show me that you are with me

When stars are hiding in the clouds
I don't feel them shining
When I can't see beyond my doubt
The silver lining
When I've almost reached the end
Like a flood you're rushing in
Your love is rushing in (your love is rushing in)

You light, light, light up the sky
You light up the sky to show me that you are with me
And I, I, I can't deny

No I can't deny that you and right here with me
You've opened my eyes
So I can see you all around me
You light, light, light up the sky
You light up the sky to show me that you are with me

So I'll run straight to your arms
You're the bright and morning sun
To show your love there's nothing you won't do
(nothing you won't do)

You light, light, light up the sky
You light up the sky to show me that you are with me

And I, I, I can't deny
No I can't deny that you and right here with me
You've opened my eyes
So I can see you all around me
You light, light, light up the sky
You light up the sky to show me that you are with me

(Oooh, oh , oh, oooh, oooh, oooh, oooh
That you are with me
Oooh, oh , oh, oooh, oooh, oooh, oooh
That you are with me
Oooh, oh , oh, oooh, oooh, oooh, oooh)
