Time is slipping away  
Days go by, fade away  
With one eye opened, one closed  
I think you know

Love will make you beautiful  
Love will make you beautiful

Thoughts swirl, spinning around  
Weary, falling down  
When out of the darkness a hand  
Reach out, hold fast

Love will make you beautiful  
Love will make you beautiful

Turn around this time  
Love is there to find  
Lift your head and see  
Open up your eyes

Love will make you beautiful  
Love will make you beautiful

Love will make you beautiful  
Love will make you so beautiful

Love will make you beautiful  
Love will make you beautiful
