# "Ocean Wide"

Look outside, it's already light and the stars  
Ran away with the night  
Things we're said, words that we'll try forget  
It's so hard to admit

I know we've made mistakes  
I see through all the tears  
And that's what got us here

If love is an ocean wide  
We'll swim in the tears we cry  
They'll see us through to the other side  
We're gonna make it

When love is the raging sea  
You can hold on to me  
We'll find a way tonight  
Love is an ocean wide

I'll stay right here, it's where I'll always belong  
Tied with your arms  
Days like this I wish the sun wouldn't set  
I don't wanna forget

What made us feel this way  
You see through all my fears  
And that's what got us here

If love is an ocean wide  
We'll swim in the tears we cry  
They'll see us through to the other side  
We're gonna make it

When love is the raging sea  
You can hold on to me  
We'll find a way tonight  
Love is an ocean wide

Enough to forget  
Even when we think we can't  
Think we can't

Love is an ocean wide  
We'll swim in the tears we cry  
They'll see us through to the other side  
We're gonna make it

When love is the raging sea  
You can hold on to me  
We'll find a way tonight  
We'll find a way tonight  
Love is an ocean wide  
Love is an ocean wide
