Everyday, everyday, everyday, everyday
Everyday we're going all the way
We're going all the way
We're going all the way

Everyday, everyday, everyday
We're going all the way
Everyday, everyday, everyday
We're going all the way
Tonight, lightning strikes
Let's go into twilight

First time I saw you
(When we first met)
I had the fever
(As bad as it gets)

You let me see
(Much in my eyes)
It was so smooth
Sparkle and shine and it shined

La, la, la, la, la, la, la, la, la
La, la, la, la, la
Tonight lightning strikes
Let's go into twilight

You asked me out on many dates
And took me to exotic places
You saw the look upon your face
You men must really love the chases

I'm going to let you have it
Like you've never had before
So take me, take me, take me

Tonight lightning strikes
Let's go into twilight

You are away with me, no other way
You are away with me, no other way
You are away with me, no other way

You are away with me, no other way

You are away with me, no other way

You are away with me, no other way

You are away with me, no other way

Everyday, everyday, everyday

Everyday we're going all the way
