you knocked me out  
you bit my lip  
you held me down and kept me sober  
through all this time  
no regret  
i guess that's just the way i liked it  
maybe, when i'm free  
i'll realize all he really wanted  
to share all the peace  
something i never wanted  
so wait, don't go  
seems as though it's getting scary  
so please, don't you go  
wait, don't you go  
you knocked me out  
i could never feel the same  
i pushed you over  
and here we will remain  
confusion who do you  
and nothing's right  
nobody but you has to, hold onto the fight  
just before you cry  
won't change you  
it won't change me  
and i don't even wonder why  
want, touch, feel so much  
in life, yea we cry  
i know, baby i know  
but see i'm waking  
i feel, i touch, i breathe, i cry  
i know this  
so wait, wait  
i said please, smile just before you cry  
don't you go  
you knocked me out  
i could never be the same  
i pushed you over  
but here we still remain  
you knocked me out  
i could never be the same  
i can take the fight

but don't  
don't you turn away  
you knocked me out  
you bit my lip  
you held me down and kept me sober
