I see the darkness in your eyes  
I taste darkness in your eyes  
I'm headin' to the city of love  
Blue city of love  
Strange city of love

I see the light in your eyes  
You preach light with your eyes  
I'll take you to the city of love  
Blue city of love  
Strange city of love

Hide your eyes from me  
Take reflection and you'll see  
How I'm there in your mind  
Working my way out

I see the darkness in your eyes  
You're breathing the darkness in your eyes  
We're now in the city of love  
Blue city of love  
Strange city of love

Hide your eyes from me  
Take reflection and you'll see  
How I'm there in your mind  
Working my way out
