People, people, people
cars, cars
cars

nobody cares
everything goes by

where am I?
I'm on the earth
that's why

we can talk but
we don't
we can walk
but we don't

where am I?
I'm on the earth
that's why

oh...

people, people, people
cars, cars
cars

nobody cares
everything goes by

where am I?
ooo...

(that's why)
ooo...
(that's why)
ooo...
(that's why)

oh...
