In the morning when I wake up  
I think about how I can get you  
tonight, tonight

in the morning when I wake up  
I think about how I can get to your heart  
into your heart

I am starving, I feel empty  
my life's a boredom  
without you for me my knight  
stay here tonight

hey  
show me the way to your heart  
way to your heart  
way to your heart

I will love you  
I'll adore you  
so show me how I can find  
the way to your heart  
tonight

hey, show me the way to your heart  
way to your heart  
way to your heart  
way to your heart
