Any die, if the beholder the soldier begins to bore  
Four score, seven bullets  
Yeah, hit the floor nigga  
Take you outdoor, darkness frightens you even more  
I'm here to enlighten you with the hardcore  
Bring it raw, like the red, dead meat, in your plate  
(Bring it raw, motherfucka)  
And I'll fill you up with the energy the hill create  
(Will the hill create?)  
I get sticky, like a green bag of the bomb diggy  
Now I'm fuckin' with your head, and you realize that it's  
tricky  
(Hey hey hey)  
Got you paranoid, feelin' the void, you can't take it  
The reward bein' destroyed, freakazoid toy  
With ya mind, all styles deployed, you find danger  
In the stranger's eye, the killin' comes second nature  
Your battle filled up the mind it's fallin' out, hear you  
callin' out  
For help, and all the fuckin' yellin' to is yourself  
(Ha ah ah motherfucka', motherfucka')  
Crawlin' and beggin' for mercy means nothing when  
you bluffin'  
I'm pushin the button and straight dumpin on fools  
frontin'  
Boo yah, come on

Pa pa ra ra  
(Motherfucka', yea)  
Pa pa ra ra  
Pa pa ra ra  
Pa pa ra ra

War pigs, you dig, see kickin' out Mr. Big  
Take a sip of wine, engage in a battle of the mind  
(Checkmate motherfucker)  
You feelin' the force, meant for remorse, right from the

source

Your head is, gettin' fucked and I'm skippin' the  
intercourse

Behold, the Mic horse, you're takin' a loss nigga  
Got the Nina Ross, don't need no cross, my fuckin'  
paper

Chaser green bag gladiator, terminator, weed  
germaniator

The greater the risk you fuckin' hater

Hit you with the psycho beta, clickin' the fader slow

With the hi lo, servin' the blow, who got the glow

Dead men tale no tales, you fail to see the reason

I'm easin' to squeeze the trigger, go figure, it's killin'  
season

Nighty night, mothafucka'
