Look who's back on the program  
Hookin' up another fly joint  
When I flow on the slow jam  
When I shift I kick to go

Like a fat drunk and I light up a fat spliff  
Take a wiff  
Can you smell that in the air?  
When the smoke come out the building from every  
where

Shit I still get down, so just sit down  
When my thoughts stops crawlin'  
Time to sit down with yet I go wrong  
You got to hit my bong

Later on then I'll be getting high all alone  
You got a friend named Mary Jane  
And she make me feel stange  
Now I've got to call out her name

I Love You Mary Jane  
Sugar come by and get me high  
I Love You Mary Jane

Can I call Marijuana if you wanna party  
While shit I'm gonna as soon as she comes out  
Round to my neighborhood  
Damm and she always smells good

Let me make this understood  
Are you experienced  
Have you ever been experienced  
Not for the life, make you delerious

Why is the room spinnin'  
I can't stop now  
I've must have been drinkin'  
'Cause this ain't pot

That's doing me like this  
I feel ill now

I'm calling out to Mary  
'Cause I just can't deal

I Love You Mary Jane  
Sugar come by and get me high  
I Love You Mary Jane

I Love You Mary Jane  
Sugar come by
