Psycho, alpha, disco, beta  
Psycho, alpha, disco, beta  
Psycho, alpha, disco, beta

I increase my throttle, uplift my shuttle  
Tribe in a huddle, pilot on auto, bro  
I'm not a role model, more like a psycho  
A Bates type of 'Psycho', cut you like Michael

'Halloween' character or computer wizard  
Hit you with the blizzard, cut your circuit with my  
scissors  
Shorts'll get crossed while you're in the crossfire  
You get blasted, you dumb ass bastard

See you need the data, better I say data  
You're lookin' at the Tribe an' you're a hater  
Comin' from inside, means I come better  
Or should I say rather together I'm gonna set ya

Head in the casket, your body in a basket  
A tisket, a tasket, I told ya I'm gonna blast ya  
When I'm on the psychobeta state of mind over magnum  
You know I'm gonna tag them

You're gonna get fucked when I buck ya down  
You know you're gonna get fucked when I buck ya  
down  
You know you're gonna get fucked when I buck ya  
down  
What you're runnin from is the psychobetabuckdown

Psycho, alpha, disco, beta  
Psychobetabuckdown, baby  
Psycho, alpha, disco, beta  
It's a psychobetabuckdown

Psycho, alpha, disco, beta  
It's a psychobetabuckdown  
Psycho, alpha, disco, beta  
Somebody's gettin' bucked down

See, I'm from South Central, bustin' out my metal  
Rapid-fire petal, funk is makin' me get mental  
Yo, it make no sense, [Incomprehensible]  
Sen start the massacre, as I get nasal  
The phase'll be like a murderer's maze, yo  
You won't find B-Real, inside any kind of cage, yo

Sen is the gangsta, me, I'm just a pimp  
Broads swingin' off my dick like a chimp, simpin'  
So what's the story, you come lookin' for me?  
Better just scatter or you're gettin' leaded

I'm the one who said it, boy, it doesn't matter  
You're gonna get splattered, with my funky ill juice  
'Cause I'm 'The Phuncky Feel One'  
Makin' you get real loose

My intellect, dialect, dialog, intellect  
Catalog from what you want me to select  
Different forms of beta, psycho for alpha  
The way I stay in control of myself

I'm not one of many penny ante on the gauges  
In the stone ages, make minimum wages  
Show me where the stage is, I come to get the brain on  
Hey, man, get the fuck off the 'caine, bro

You're gonna get fucked when I buck ya down  
You know you're gonna get fucked when I buck ya  
down  
You know you're gonna get fucked when I buck ya  
down  
What you're runnin' from is the psychobetabuckdown

Psycho, alpha, disco, beta  
It's a psychobetabuckdown baby  
Psycho, alpha, disco, beta  
Psychobetarific in profile

Psycho, alpha, disco, beta  
It's a psychobetabuckdown  
Psycho, alpha, disco, beta  
Somebody's gettin' bucked down

Psycho, alpha, disco, beta  
Yo, where's the hooda?  
Psycho, alpha, disco, beta  
Funky, yeah  
I don't like that crazy shit, man
