I don't care for the riddles unspoken
March to the cross and believe
My faith is never ending
Now assail the creation of life

No one there to welcome
A bright light, on a deserted plain
Your God is absent
And Heaven abandoned

We'll find a place, where we're no strangers
Past revelation
My true dominion

[Chorus:]
Strike down, this fierceful entity
They stand on their ground or they run
Won't cease the morning sun
'cause we stole heaven from the Earth

Harsh, demeaning, endless seaming
This was all I was given
One fatal last mistake
The word of remorse came too late

No one there to welcome
A bright light, on a deserted plain
Your God is absent
And Heaven abandoned

[Chorus:]
Strike down, this fierceful entity
They stand on their ground or they run
Won't cease the morning sun
'cause we stole heaven from the Earth

[Stick:]
We'll find our way there
And then return
We'll bring the storms

[Chorus:]

Strike down, this fierceful entity
They stand on their ground or they run
Won't cease the morning sun
'cause we stole heaven from the Earth
