Alone in a crowd on a bus after work
I'm daydreaming
The guy next to me has his girl on his arm
My arms are empty
How does it feel when the girl that you love
Says "Yes, she loves you."
It seems unfair when there's love everywhere
And yet there's none for you

Some guys have all the luck
Some guys have all the pain
Some guys have a little sunshine in their life
My life is only filled with rain

Someone to take on a walk by the lake
Dear Lord, let her be
Someone who's shy
Someone who liable to cry at sad movies
Ooh, I do believe I would die just to look in her eyes
And find them filled with me
But you're just a dream and as real as it seems
I'm not that lucky

Some guys have all the luck
Some guys have all the pain
Some guys have a little sunshine in their life
My life is only filled with rain

It's just a losing game
The things have got to change
Some girl will give my luck a try
With my luck, she'd have her overnight, oh well

Some guys have all the luck
Alone in a crowd on a bus
after work
Some guys have all the pain
I'm daydreaming
Some guys have a little sunshine in their life
The guy
next to me has his girl on his arm
My life is only filled with rain
My arms are empty
