Sacrifice your total will to live, surrendering! Your
desire unto me.
All your wants and dreams will be fulfilled, by believing
your tension sexually.
Satisfaction complete your flesh can bring, I demand
your soul's virginity.
Delivering to you the lust you need, I've become your
deepest fantasy.
Tension building, anticipation sweat starts dripping
Waiting eagerly sweet submissive crawl toward me
kneel before me
Pleading for the whip that makes you bleed!
Driven by my lust, the evil one, on my command, you
expose yourself to me.
Your respect for me is born of fear, trust in me, believe
release will come.
Satisfaction complete your flesh can bring, I demand
your soul's virginity.
Delivering to you the lust you need, I've become your
deepest fantasy.
Tension building, anticipation sweat starts dripping
Waiting eagerly sweet submissive crawl toward me
kneel before me
Pleading for the whip that makes you bleed!
Drained of strength, submissive, before my rule,
Fear consumes, but your cries are pleasure filled.
Beg for me to end the blessed pain, suffering for you
is Heaven sent!
Satisfaction complete your flesh can bring, I demand
your soul's virginity.
Delivering to you the lust you need, I've become your
deepest fantasy.
Tension building, anticipation sweat starts dripping
Waiting eagerly sweet submissive crawl toward me
kneel before me
Pleading for the whip that makes you bleed!
