(You've gotta wake up)  
You don't commit to me, you won't make a start  
You don't tell me no, you haven't got the heart  
You sit in the chair or you lie in bed  
With a faraway stare and a swollen head  
Well listen here, my lover, I have had enough  
And I can tell you, brother, I could fall in love  
With someone who looks a lot like you  
But gets up and does what he's thinking of  
I can't wait another day  
I can give and I can take  
There's a choice you have to make  
So many times things pass you by  
Imagination running wild  
You've got to start choosing right from wrong  
Instead of daydreaming all day long  
I want to catch a plane to an open space  
I want to feel the sun shining on my face  
But time is short and waiting is long  
My patience is exhausted, I'm just not that strong  
I want to see the parade, you wanna watch TV  
So we don't do either, it's insanity  
You say there's plenty of time, and life is good  
So you never make your mind up, well, you never could  
I can ask you when or why  
And you'll look up to the sky  
The parade is marching by  
So many times things pass you by  
Imagination running wild  
You've got to start choosing right from wrong  
Instead of daydreaming all day long  
(Daydreaming) Oooh  
(Daydreaming)  
(Daydreaming)  
(Daydreaming) Oooh  
(Daydreaming)  
(Daydreaming)  
(You've gotta wake up, you've gotta wake up)  
(Leave me alone, I'm only dreaming)  
(You've gotta wake up, you've gotta wake up)  
(Leave me alone, I'm only dreaming)  
(You've gotta wake up, you've gotta wake up)

(I'm only dreaming)  
I can't wait another day  
I can give and I can take  
There's a choice I have to make, oooh  
So many times things pass you by  
Imagination running wild  
You've got to start choosing right from wrong  
Instead of daydreaming all day long  
So many times things passing by  
Imagination running wild  
You've got to start choosing right from wrong  
Instead of daydreaming all night long  
(Daydreaming) So many times  
(Daydreaming) Things pass you by  
(Daydreaming) You've gotta choose right from wrong  
(Daydreaming) All day long  
All day long
