Did you see me coming?
Was I that obvious
For all of a sudden
There were just two of us

You don't have to be in Who's Who
to know what's what
You don't have to be a high flier
to catch your slot
The night we met was cold and wet
I needed a drink or two
I saw you standing there and I knew
I'd like to be loved by you

Did you see me coming?
Was I that obvious
For all of a sudden
There were just two of us

You don't have to be what's what
to know who's who
You don't need the DNA
to find the proof
Then and there my life made sense
You were the evidence

Did you see me coming?
Was I that obvious
For all of a sudden
There were just two of us

Did you see me coming
I thought I'd have to make
All of the running
I was all yours to take...

I'm not superstitious
Or really religious
Just to thyself be true
But now I think I'm starting
to believe in fate

Because it delivered you...

Did you see me coming?
Was I that obvious
For all of a sudden
There were just two of us

Did you see me coming?
I thought I'd have to make
All of the running
I was all yours to take

Did you see me coming?
Was I that obvious
For all of a sudden
There were just the two of us
