=====
I've been walking in the rain
Just to get wet on purpose
I've been forcing myself
Not to forget just to feel worse
I've been getting away with it all my life
(Getting away)
However I look, it's clear to see
That I love you more than you love me
However I look, it's clear to see:
I love you more than you love me
I hate that mirror
It makes me feel so worthless
I'm an original sinner
But when I'm with you I couldn't care less
I've been getting away with it all my life
Getting away with it
All my life
(Getting away)
However I look, it's clear to see
That I love you more than you love me
However I look, it's clear to see:
I love you more than you love me
I love you more than you love me
More than you love me
I thought I gave up falling in love
A long, long time ago
I guess I like it, but I can't tell you
You shouldn't really know
And it's been true all my life
Yes, it's been true all my life
I've been talking to myself
Just to suggest that I'm selfish
(Getting ahead)
I've been trying to impress
That more is less, and I'm repressed
(I should do what he said)
However I look, it's clear to see:
I love you more than you love me
However I look, it's clear to see:
I love you more than you love me
I love you more than you love me

I love you more than you love me
Get away with it
Get away with it
