Hit music on the radio

Hit music on the radio

When you dance with me we dance forever

All night long to your favourite

Hit music on the radio

Hit music on the radio

When you dance with me we dance forever

All night long to the latest song

Live a lie, dance together

All night long to your favourite

Hit music

Hit music

I've been working hard all day

To pay the bills I have to pay

Don't have the strength to work all night

Or fight until it's almost light

Music on the radio

D-dance music at the disco

Live a lie dance together

All night long to your favourite song

Live and die, it's all that we know

I need a friend at the journey's end

Hit music, in stereo

It's all about love, and it's about forgetting

Choose a song when the night's too long

We all need love and we want protection

I need a friend at the journey's end

In Kensington, or Spanish Harlem

All night long to your desperate

Hit music on the radio
