I was lost  
For so long  
Feels like it's taken  
Half my life  
To find  
Where I belong

Seeing you here  
You're my nation  
This is my application  
Give me hope  
Keep me sane  
Give me  
Indefinite leave to remain

All the worlds  
That I saw  
I went so far away  
And still wanted you more

It may sound superficial  
But can we make it official?  
Give me hope  
Keep me sane  
Give me  
Indefinite leave to remain

Tell me where I stand  
What do you envision?  
One way or another  
Give me your decision now

Is it time  
To proceed?  
Will you give me a chance  
And the status I need?

Seeing you here  
You're my nation  
This is my application  
Give me hope  
Keep me sane

Give me  
Indefinite leave to remain
