=====

Are you feeling alright?  
It's easy, we've been there before  
But it feels like the flight  
Of the van traps, does that mean it's war?  
Oh no,  
>From my head to my toes  
I'm in love with you  
Do you think it shows?

We're meant to be friends  
That's what it says in the spread  
Is it really the end  
If, sometimes, I stray just a bit?  
Oh no,  
It should be poetry, not prose  
I'm in love with you  
Do you think it shows?

And everyone knows when they look at us  
'Cause they do, it must be obvious  
I never told you, now I suppose  
That you're the only one who doesn't know

You were different when  
We met in an ordinary way  
I didn't intend  
To interrupt your own shadowplay  
Oh no,  
I wanna upset the status quo  
I'm in love with you  
Do you think it shows?

And everyone knows when they look at us  
'Cause they do, it must be obvious  
You've never asked me, then I'm surprised  
That you're the only one who hasn't tried

Everyone knows when they look at us  
'Cause they do, it must be obvious  
I never asked you, now I suppose

That you're the only one who doesn't know

Aah

When they look at us

It must be obvious

Ooh
