We came from the far North
Summered in Crimea
Deserted the armed forces
Had to disappear
Made it to the free West
On a chartered flight
So we could see what
We trained to fight

We were in London
Let's do it
Let's break the law
We were in London
Tell it like it is
We were in London
Tell it like it is
We were in London

Looking for hard work
Or credit card fraud
What do you expect from us?
We come from abroad
To get ourselves a new job
On building site
They work you so hard
But we trained to fight

We were in London
Let's do it
Let's break the law
We were in London
Tell it like it is
We were in London
Let's do it
Let's break the law
We were in London
Tell it like it is

Tell it like it is
My father fought in Afghanistan
His widow's pension ain't worth a damn
My mother works and goes home to cry

I want to live before I die

We were in London
Let's do it
Let's break the law
We were in London
Tell it like it is

We were in London
Let's do it
Let's break the law
We were in London
Tell it like it is
We were in London
Tell it like it is
Tell it like, tell it like it is
