Don't wanna hear the news
What's going on, what's coming through
I don't wanna know, don't wanna know

Just wanna hide away
Make my my escape
Just want the world to leave me alone

Feels like I feel too much
I've seen too much
For a little while
I want to forget

I wanna be numb
I don't wanna feel this pain no more
Wanna lose touch
I just wanna go and lock the door

I don't wanna think
I don't wanna feel nothing
I wanna be numb
I just wanna be, wanna be numb

Can't find no space to breathe
World's closing in right on me now
Well that's how it feels, that's how it feels

Too much light, there's too much sound
Wanna turn it off, wanna shut it out
I need some relief

Think that I think too much
I've seen too much
There is just too much
Thought in my head

I wanna be numb
I don't wanna feel this pain no more
Wanna lose touch
I just wanna go and lock the door

I don't wanna think

I don't wanna feel nothing
I wanna be numb
I just wanna be, wanna be

Taken away from all the madness
Need to escape, escape from the pain
I'm out on the edge, about to lose my mind
For a little while, for a little while
I wanna be numb

I don't wanna think
I don't wanna feel nothing

I wanna be numb
I don't wanna feel this pain no more
Wanna lose touch
I just wanna go and lock the door

I don't wanna think
I don't wanna feel nothing
I wanna be numb
I just wanna be, wanna be numb numb
Wanna be numb

I don't want the madness
I wanna be numb
