-----

They close your eyes, and the doctor says it's too late  
You wonder why your life passes before you  
In the dark, you slip into a coma  
You crash the car, you've gone too far  
Policemen flash, they want credentials  
You go too fast, but you're not careful  
So you drive back home, in confusion, alone  
She's a man, but when you get down to it  
She says "Sure you can", you'll make love to her  
She says "My place or yours?", drinks are poured  
They'll keep you dance forever, so you dance together  
To make a move now seems essential  
Someone stares at you; the propagator has potential  
To replace the other who just rediscovered another  
'Cause you think you might need a lover

And oh, my god, look, you have just discovered  
The way that one thing can lead to another  
And oh, my god, look, you have just discovered  
The way that one thing can lead to another, yeah  
Oh yeah, oh yeah  
It can lead to another

What's going on tonight? You think you might discover  
So you pour a drink, and start to think about another  
You get the sack when you turn up late  
You think: Get this pressure off my back  
With the deadlines missed, your boss gets pissed  
You fail your test, you're so depressed  
And the job begins to suffer  
And the job begins to suffer

And oh, my god, look, you have just discovered  
The way that one thing can lead to another  
And oh, my god, look, you have just discovered  
The way that one thing can lead to another, yeah  
Oh yeah, oh yeah  
One thing leads to another, yeah  
Oh yeah, oh yeah  
It can lead to another

And the job begins to suffer for the love you have lost  
'Cause you care such a lot about the job you've got  
You couldn't care less, you're in such a mess  
And life's tougher  
And you're feeling older; perhaps it's colder with her  
mother  
Then your lover says she's moving out and moving  
back in  
You've got a job, you like the job  
But isn't it funny how one thing leads to another?

And oh, my god, look, you have just discovered  
The way that one thing can lead to another  
Oh, my god, look, you have just discovered  
The way that one thing can lead to another, yeah  
Oh yeah, oh yeah  
One thing leads to another, yeah  
Oh yeah, oh yeah  
It can lead to another  
And oh, my god, look, you have just discovered  
The way that one thing can lead to another  
Oh, my god, look, you have just discovered  
The way that one thing can lead to another, yeah  
Oh yeah, oh yeah  
One thing leads to another, yeah  
Oh yeah, oh yeah  
One thing leads to another, yeah  
Oh yeah, oh yeah  
One thing leads to another, yeah  
Oh yeah, oh yeah  
One thing leads to another, yeah  
Oh yeah, oh yeah  
One thing leads to another, yeah  
Oh yeah, oh yeah  
One thing leads to another, yeah  
Oh yeah, oh yeah  
One thing leads to another, yeah  
Oh yeah, oh yeah  
One thing leads to another, yeah  
Oh yeah, oh yeah  
One thing leads to another, yeah  
Oh yeah, oh yeah  
One thing leads to another, yeah  
Oh yeah, oh yeah  
One thing leads to another, yeah  
Oh yeah, oh yeah  
One thing leads to another, yeah  
Oh yeah, oh yeah
