(that's the way life is)

(words: tennant. music: ademario/wellington epiderme
negra/nego do barballio/tennant/lowe)

Come outside and see
A brand new day
The troubles in your mind
Will blow away

Its easy to believe
They're here to stay
But you wont find them standing in your way

Se a vida
I love you
Come outside and feel the morning sun

Se a vida
I love you
Life is much more simple when you're young

Come on
Essa vida
That's the way life is
That's the way life is

Although we see the world
Through different eyes
We share the same idea of paradise

So don't search in the stars
For signs of love
Look around your life
Youll find enough

Se a vida
I love you
Come outside and feel the morning sun

Se a vida
I love you

Life is much more simple when you're young

Come on
Essa vida
That's the way life is
That's the way life is

Why don't you want to sit alone
In gothic gloom
Surrounded by the ghosts of love
That haunt your room?
Somewhere there's a different door
To open wide
You gotta throw those skeletons out of the closet
And come outside

So you will see
A brand new day
The troubles in your mind
Will blow away

Its easy to believe
They're here to stay
But you wont find them standing in your way

Se a vida
I love you
Come outside and feel the morning sun

Se a vida
I love you
Life is much more simple when you're young

Come on
Essa vida
That's the way life is
That's the way life is
