I went looking for someone I couldn't find
Staring at faces by the serpentine
Walking slowly I realized
You'd been and gone, I know you lied

That's my impression
That's my impression
That's my impression
That's my impression

The wind was chilly and the sky was dull
I went for shelter to the temple
Once inside I couldn't believe my eyes
You'd been and gone, I know you lied

That's my impression
That's my impression
That's my impression
That's my impression

Go to a club, you think I'll be there
I don't go 'cause I'm not a member
You said you went to apologize
It's plain to me that's one more lie

That's my impression
That's my impression
That's my impression
(Impression)
That's my impression

I went looking for someone I couldn't find
Staring at faces by the serpentine
Walking slowly I realized
You'd been and gone, I know you lied

That's my impression
That's my impression
That's my impression
That's my impression

It's an expression

And a suggestion
I learned my lesson

That's my impression
That's my impression
(Impression)
That's my impression
That's my impression
(Impression)
I learned my lesson

I went looking for someone I couldn't find
Staring at faces by the serpentine
Walking slowly I realized
You'd been and gone, I know

You lied
That's my impression
I know you lied
And that's my impression
That's my impression
My impression
That's my impression
