I hate you
I hate you
Nothing will ever be the same
Oh really
Don't be silly
I told you it was all a game
Whenever I see you where you work
It makes me feel like spitting
What's that noise?
Oh that
We've been expecting it for ages
It's the sound of the atom splitting

He's a villain,
Him over there
With a stocking on, his friend
Look, there's another one
They call themselves pinheads
What's that noise over there?
Is it the corrugated iron they're hitting?
No, no, it's perfectly normal
It's just the sound of the atom splitting

Who's side are you on anyway?
Is that some kind of threat?
Well, I suppose it will have to do
As long as you don't make too much mess
And with the last person to leave
Once you all finish kissing
Turn the video on to record
Never tell what you're missing
Bread and circuses
And maybe later
The sound of the atom splitting

Quire to the back please
No whistling
It's the sound
The sound
The sound of the atom splitting
