I hate you  
I hate you  
Nothing will ever be the same  
Oh really  
Don't be silly  
I told you it was all a game  
Whenever I see you where you work  
It makes me feel like spitting  
What's that noise?  
Oh that  
We've been expecting it for ages  
It's the sound of the atom splitting

He's a villain,  
Him over there  
With a stocking on his head  
Look, there's another one  
They call themselves pinheads  
What's that noise over there?  
Is it the corrugated iron they're hitting?  
No, no, it's perfectly normal  
It's just the sound of the atom splitting

Who's side are you on anyway?  
Is that some kind of threat?  
Well, I suppose it will have to do  
As long as you don't make too much mess  
And with the last person to leave  
Once you all finish kissing  
Turn the video on to record  
Will you ever know what you're missing?  
Bread and circuses  
And maybe later  
The sound of the atom splitting

Quiet at the back, please!  
No whistling  
It's the sound  
The sound  
The sound of the atom splitting
