(burning down love)

(burning down love)

I want to run, I want to hide  
I want to break down the walls that hold me inside  
I want to reach out, and touch the flame  
Where the streets have no name  
Ah-ha-ah

I want to feel the sun on my face  
I see the dust cloud disappear without a trace  
I want to take shelter from poison rain  
Where the streets have no name  
Ah-ha-ah

Where the streets have no name  
Where the streets have no name  
Were still building, then burning down love  
Burning down love  
And when I go there  
I go there with you  
Where the streets have no name  
Cant take my eyes off of you

I love you, baby, and if it's quite alright  
I need you, baby, to warm a lonely night  
So let me love you, baby  
Let me love you

The citys aflood, our love turns to rust  
Were beaten and blown by the wind, trampled in dust  
Ill show you a place, high on a desert plain  
Where the streets have no name  
Ah-ha-ah

Where the streets have no name  
Where the streets have no name  
Were still building, then burning down love  
Burning down love  
And when I go there

Its all I can do  
Where the streets have no name  
I can't take my eyes off of you

(ooh aah)  
Love you, baby, let me love you  
Where the streets have no name  
Where the streets have no name  
Where the streets have no name  
Where the streets have no name
