(Burning down love)  
(Burning down love)  
I want to run, I want to hide  
I want to break down the walls that hold me inside  
I want to reach out, and touch the flame  
Where the streets have no name  
Ah-ha-ah  
I want to feel the sun on my face  
I see the dust cloud disappear without a trace  
I want to take shelter from poison rain  
Where the streets have no name  
Ah-ha-ah  
Where the streets have no name  
Where the streets have no name  
We're still building, then burning down love  
Burning down love  
And when I go there  
I go there with you  
Where the streets have no name  
Can't take my eyes off of you  
I love you, baby, and if it's quite alright  
I need you, baby, to warm a lonely night  
So let me love you, baby  
Let me love you  
The city's aflood, our love turns to rust  
We're beaten and blown by the wind, trampled in dust  
I'll show you a place, high on a desert plain  
Where the streets have no name  
Ah-ha-ah  
Where the streets have no name  
Where the streets have no name  
We're still building, then burning down love  
Burning down love  
And when I go there  
It's all I can do  
Where the streets have no name  
I can't take my eyes off of you  
(Ooh aah)  
Love you, baby, let me love you  
Where the streets have no name  
Where the streets have no name

Where the streets have no name  
Where the streets have no name  
(The streets have no name)
