I'm feeling like a bona fide jerk  
And it's hard to tell you  
I've been watching you walking to work  
And it's hard to tell you  
It's hard to tell you how I feel

I want to tell you but I can't quite  
I'd love to kiss you and hold you tight

I'm maybe a little bit mad  
And it's hard to tell you  
When I'm with you babe it makes me feel glad  
And it's hard to tell you  
It's hard to tell you how I feel

I want to tell you but I can't quite  
I'd love to kiss you and hold you tight

I really hope that you feel the same way  
And it's hard to tell me  
Break the silence babe, break it to say  
That it's hard to tell me  
It's hard to tell me how you feel

I want to tell you but I can't quite  
I'd love to kiss you and hold you tight
