Takers are takers and makers are makers
All of the breakers roll dice, throw rice, and fight
Rulers and losers are choosing their users
Watching the clouds, the mirror becomes a rat

Stop the noise from coming
Turn the wave around
All eyes look in, all eyes, all eyes

Talk, talk, talk, talk, talk, talk...
All eyes look in

Fakers are fakers
You'll need your papers to make a sale
Rolling your way, trying to catch the fly
Mothers are mothers
Hunters are hunters
Sisters need misters, listen to their wispers
Building the house in the sky

Stop the noise from coming
Turn the wave around
All eyes look in, all eyes, all eyes
Is there any difference between
The Underwater Volcanoes and The Pissing Angels?
I don't know

Stop the noise from coming
Turn the wave around
All eyes look in, all eyes, all eyes

Talk, talk, talk, talk, talk, talk...
All eyes look in
