You knock it
You say you know
You drag your soul
It's all dirt and coal these days
You like it quick and clean
The good old machine
What's a scream mean in all this noise?
It's all fine
For me
Oh if i stand here
Cold and wailing like a baby
You got stones in your eyes
Well that's no big surprise
Make no mistake
We're all gonna break
You're on a moving train
It's you that's moving, not the train
Why am i always catching people
On their way down?
It's all fine
For me
Oh i can never notice
Am i free?
I can never see them
You got stones in your eyes
Well that's no big surprise
Make no mistake
We're all gonna break
You knock it
You say you know
You drag your soul
It's all dirt and coal these days
You like it quick and clean
The good old machine
What's a scream mean in all this noise?
It's all fine for me
I like the long road
Am i a soldier?
Oh you could be here forever
You got stones in your eyes
Well that's no big surprise
Make no mistake

We're all gonna break
