She's gone on a winters breath  
If you find her, then keep whats left  
She don't feel like no Love of mine  
and the storm don't care what it leaves behind  
and Ill miss you, but you must move on  
The sun won't shine where you don't belong

(Chorus)

Love is all that we keep  
In the box that you're burnt when you lay down to sleep  
(x2)

Love of mine, may you find your way  
for I lost my love on a winters day

and I don't blame you, its what I love you for  
you were born to breeze through an open door  
Love of mine, remember me  
like a breaking wave, on your broken sea

(Chorus)

Love is all that we keep  
In the box that you're burnt when you lay down to sleep  
(x2)

(Break)

(Chorus)

Love is all that we keep  
In the box that you're burnt when you lay down to sleep  
(x4)
