Deep in the back of my mind is an unrealized sound  
Every noise that I hear on the street say it soon could  
be found  
When I hear the cold lies of the pusher I know it exists  
It's confirmed in the eyes of the kids emphasized with  
their fists

But the high has to rise from the low  
Like volcanoes explode through the snow  
The mosquito's sting brings a dream but the poisons  
derange  
So the music must change

For we're chewing a bone  
You know we soared like the sparrow hawk flies  
Then we drop like a stone  
Like the tide and the waves growing slowly in range  
Crushing mountains as old as the Earth  
So the music must change

Sometimes at night I wake up and my body's like ice  
The sound of the running wild stallion the noise of the  
mice  
And I wondered if then I could hear into all of your  
dreams  
I realize now it was really the sound of your screams

Death always leads into life  
But the street fighter swallows the knife  
Am I so crazy to feel that it's here pre-arranged  
The music must change  
It's gets higher and higher  
Smoldering like leaves in the sun it bursts into fire  
Its rhythm grows strong, so strong  
So new and so strange  
Like bells in the clouds then again the music must  
change  
Change

But is this song so different?  
Am I doing it all again?  
It may have been done before

But then music's an open door  
Deep in the back of my is an unrealized sound  
Every feeling I get from the street says it soon could be  
found  
When I hear the cold lies of the pusher I know it exists  
It's confirmed in the eyes of the kids emphasized with  
their fists

But the high has to rise from the low  
Like volcanoes explode through the snow  
The mosquito's sting brings a dream but the poison's  
derange  
Though the music must change  
For we're chewing a bone  
We soared like the sparrow hawk flies  
And we drop like a stone

Like the tide and the waves growing slowly in range  
Crushing mountains as old as the Earth  
So the music must change  
The music must change, yeh
