O Parvardigar, the preserver and protector of all  
Without beginning are you, Lord, without end  
Non-dual, beyond compare and none can measure You  
Without color, expression or form, nor attributes to live

You are unlimited and [Incomprehensible]  
Imperishable beyond conception by our minds  
No one can defy You, oh God, You are eternal  
None can see You but with eyes divine

You always were, You always are and always will be  
You are everywhere in everything and beyond  
In the firmament above and in the deep  
On all the seven planes and farther on  
And in all that's hidden to our eyes in all we see

Beyond the trinity of words and in the vow  
You cannot be perceived or no one shall repent  
O Parvardigar, preserve, protect us all  
Without begging are you, Lord, without end  
You always were, You always are and always will be

You are the Creator, the Lord of lords  
The knower of all minds and hearts  
Omnipotent, omnipresent, from you we cower  
You are knowledge, infinite bliss, infinite power

You are the ocean of knowledge, knowing all  
Infinitely knowing would can but tell  
The knower of the past, the present and future  
Crowning even this, Your knowledge itself

Oh merciful, benevolence eternal  
You're the trinity of knowledge, truth and bliss  
You are the source of truth, the One with infinite  
attributes  
You are the ocean of love we sorely miss

You always were, You always are and always will be  
You are the Ancient One, the Highest of the high  
You are Prabhu and Parameshwar

You are the beyond God, beyond, beyond God are you  
Parabrahma, Ilahi and Allah  
Yezdan, Ahuramazda and God, the beloved

O Parvardigar, the preserver and protector of all  
Without beginning are you, Lord, without end  
You are named Ezad, the only One worthy of worship  
We sing the universal prayer to You, amen
