It's alright  
I won't commit my friend  
And if you pay for your mistakes  
You can break apology  
It's just fine  
I won't commit my friend  
When you come back from your escape  
You can make a person's day  
Cos it's your time  
You come back and you don't tell the truth to me, no  
more  
It's alright  
I won't commit my friend  
When you come back from your escape  
I don't need apology  
Yeah it's just fine  
I won't convince my friend  
And you don't know just what to say  
Once you make your plan you follow it just right  
I know you never meant to let nobody down

You never feel the way I found  
Come and see  
Oh, I won't commit my friend  
You won't pay for your mistakes  
And I don't make apologies  
Yeah it's alright  
I won't convince my friend  
When you don't know just what to say  
I don't think I'll ever come to hear it all  
You wanna feel so bad for doing nothing all this time  
You're doing nothing  
(You just feel left out!)  
You're always up to no one's business  
Always up to:  
Only witness  
When you come back from your escape  
Then I could follow you to hell.
