You and I,  
we're two of a kind,  
I hate to say it but you'll never relate,  
what makes you tick?  
It makes me smile.  
You said that I should get away from it all,  
and bury my head in the sand if I want to,  
I think you...  
should thank me now.  
You were lying wide awake in the garden,  
trying to get over your stardom,  
and I could never see you depart us  
and you're my baby,  
you're just another girl.  
I never mind the way I had to see ya,  
my working on a day show never explains why I see you

and I feel your pain.  
I love to wear my work inside of my head,  
I can't complain but you should never react the way  
you did,  
I feel your time.  
You were lying wide awake in the garden,  
trying to get over your stardom,  
and I could never see you depart us  
and you're my baby...  
And you were lying wide awake in the garden,  
trying to get over your stardom,  
and I could never see you depart us  
and you're my baby,  
you're just another girl,  
just another girl
