DÃ¼n gece resmini ikiye ayırdım
En la noche de ayer dividi tu foto en dos imagenes
so that it can't look at anybody as it looks at me
ateşimi sındırdım o gözlerinde
puse mi fuego en tus ojos bellos
so that they don't burn anybody as they burnt me
ne yani?
y què?

Bundan sonra gözleri
Después de esto
Don't I have a lover whose eyes smell like heaven?
ne yani?
y què?

Will a stranger touch your skin after me now?

yaralıyım yaralı bu sensiz sabahlara nasılı uyanırdım?
Estoy herido, herido, ¿cómo me despierto por estas mañanas sin ti?
Memories' eyes are wet, in the songs poison
en iyi sen biliyorsun
tú sabes lo mejor
Your eyes are my right
