Do do do do do
Do do do do do
Do do do do do
This is Insania

Do do do do do
Do do do do do
Do do do do do
Too much Insania

Take a look around
At what technology has found
Is it what we need?
Or are we killing the seed?
Dictated by the screen
No more following your dreams
The world's become a difficult place to be

Where are we going?
Does anyone care
Hold on to real love
There's so much to share

Do do do do do
Do do do do do
Do do do do do
This Is Insania

Do do do do do
Do do do do do
Do do do do do
Too much Insania

Aging will reverse
Cloning will diverse
Insanity is slowly, creeping into our lives, yeah
Where is yesterday?
Cause people ain't the same
Have we lost the faith?
Or have we lost our minds

Where are we going?
Does anyone care
Hold on to real love
There's so much to share

Do do do do do
Do do do do do
Do do do do do
This Is Insania

Do do do do do
Do do do do do
Do do do do do
Too much Insania

Pray for the time when love will restore
Let's kill all the pain
Let our hearts be the core
No more war

Where are we going?
Does any one care?
Hold onto real love
There's so much to share

Adlib to fade
