If you ever heard the words I just don't care  
Baby please forgive the foolish heart that told you that  
When the road got rough I started doubting myself  
Still I can't believe that life's worth living  
With anybody else

So why do we say goodbye  
When we know we'll only cry  
We're gonna be lonely  
(gonna be lonely)  
And why do we fool ourselves  
Saying there'll be someone else  
For me there's you only  
(gonna be lonely)

All we need to make it right is precious time  
But it's funny such a simple thing's so hard to find  
Don't know when or where we started  
Living separate lives  
But I know it's still worth fighting for  
I see it in your eyes

So why do we say goodbye  
When we know we'll only cry  
We're gonna be lonely

(gonna be lonely)  
And why do we fool ourselves  
Saying there'll be someone else  
For me there's you only  
(gonna be lonely)

Now I realise that I've been living so selfishly  
Someone along the way  
I forgot you had your own hopes and dreams  
I never meant to make you weak  
But I was too blind to see that I've been hurting you  
How I made you blue  
Now guilt is killing me

So why do we say goodbye  
When we know we'll only cry

We're gonna be lonely  
(gonna be lonely)  
And why do we fool ourselves  
Saying there'll be someone else  
For me there's you only  
(gonna be lonely) (rpt to fade)
