For the rest of my life, I wanna be with you
And I never felt this way before
Just tell me that you love me

For the rest of my life, I wanna be with you
And I never felt this way before
Just tell me that you love me for the rest

Looks like another beautiful day
I've been so happy since you came my way
I've been thinkin' things I've never thought before
Like I never want to see you walk out the door

Oh baby, for the rest of my life, I wanna be with you
And I never felt this way before
Just tell me that you love me

For the rest of my life, I wanna be with you
And I never felt this way before
Just tell me that you love me for the rest

Feels so, feels so good to hear you say
Your words that compel me in each and every way
And each moment we spend, it takes me to that place
I do all I can to keep that smile upon your face

Oh baby, for the rest of my life, I wanna be with you
And I never felt this way before
Just tell me that you love me

For the rest of my life, I wanna be with you
And I never felt this way before
Just tell me that you love me for the rest

Keep on, loving me, love
Loving me, love, loving me, slowly

For the rest of my life
For the rest of my life
Come on, come on, kiss
Kiss me, me, softly, softly

For the rest of my life, I wanna be with you
And I never felt this way before
Just tell me that you love me for

The rest of my life, I wanna be with you
And I never felt this way before
Just tell me that you love me

For the rest of my life, I wanna be with you
And I never felt this way before
Just tell me that you love me for

The rest of my life, I wanna be with you
And I never felt this way before
