Take it to the top'cos I never wanna stopto the top,

E onbreak it down  
I call you on the telephoneto find out what you likecan I  
be the special oneto make it all right  
Let me touch you everywheremy feeling is pure  
desireall you do is call my nameyou set my world on  
fire  
You know I'll be there for your lovei wanna do you uplet  
me be your everythinglet me touch you like no  
othersgonna touch you there  
Take it to the top'cos I never wanna stopto the top,  
come ondon't try to play me downtake it to the top'cos I
