Yeah come on, pump it up
Check it out, check it out
Alright
Uh uh, you know the flava
It's Friday night gotta get your groove on
Have me some fun and
got to make a move on
All the ladies in the house looking sex-ay
Now is the time to bump and grind

Its got me going crazy, Im full of life
I got this feeling, and it feels so right
Move over ladies cos we got the ingredients
to make it right, tonight

You, you got it going on, and I, I wanna turn you on
You, you got it going on
All the ladies got it going on

Turn it up
Turn it up
Turn it up
Turn it up

The music's jumping, my party's on
Those pretty ladies got it going on
I don't need no this and that to get me on a high
(spoken) Just turn it up baby
and I'll be satisfied

It's got me going crazy, I'm full of life
I got this feeling, and it feels so right
Move over ladies cos we got the ingredients
To make it right, tonight

You, you got it going on, and I, I wanna turn you on
You, you got it going on, alright,
All the ladies got it going on
Turn it up

Rap:

It's time to party, so let's get it on
Feel the vibe and the groove with the song
It'll hit ya, here, right between the eyes
So get down ladies, and all of the guys
Movin' on the floor, 'til you can't move no more
C'mon 'til you're done, you know the score
Everybody throw your hands in the air
C'mon you know a party over here

You, you got it going on and I, I wanna turn you on
You, you got it going on
We got it, we got it
All the ladies got it going on

Turn it up
Turn it up
You, you got it going on and I, I wanna turn you on
You, you got it going on

She is, you got another night
Turn it up
You know the flava its like that
Turn it up
Yeah
Check it out, check it out
Turn it up
It's in the vibe
Turn it up
Come on, come on, come on
Turn it up,
You, you got it going on
