Its the way you're nervous when you speak  
Its the way I know just what you mean  
Its the kind of thing that's bitter sweet  
Its the funny feeling deep inside  
So many different sides  
Still so easy to define  
Coz you know that every time  
Not just in your mind  
You can feel the butterflies, sending chills down your  
spine  
Chorus  
What is love  
But a kiss on a rainy day, a smile that wont go away  
A safe place to run  
What is love  
But a complicated simple truth, a bond between me  
and you  
The number one  
All that's love  
You do things that never crossed your mind  
Like you're doing all of the time  
Coz with someone special it's all right  
Its like dancing when you walk  
And singing when you talk  
And you're happy just to be alive  
Live in the moment don't be sad  
Just let it go and take care  
You don't have to understand, the how, why and when  
Chorus  
So take off your hat and stay for a minute  
Love is a precious thing if you let it in  
Youll never know what you find till you give it  
Sometimes, sometimes, sometimes  
Chorus x 2  
Ive been searching long yeah  
Let me sing it to you baby
