You're a mystery to me
You make your own reality
And I wonder who you are beneath your skin
Guess I'll never know for sure
But I was safe behind my door
Can't think how I let you talk your way back in
Should have known better then
But I know better now

You can't hurt me any more
I'm not the fool I was before
But ain't gonna cry again
Don't believe the lies you tell
So take your heart and go to hell
Coz I Ain't gonna cry again

You think I need you but I don't
You think I'll break down but I won't
And you've had everything you're gonna get from
me
Saw your pleasure in my pain
And you released me from my chains
And I woke up to my own insanity
Waiting for changes
That were never gonna come

You can't hurt me any more
I'm not the fool I was before
But ain't gonna cry again
Don't believe the lies you tell
So take your heart and go to hell
Coz I Ain't gonna cry again

I ain't gonna cry again

Now that I see you're twisted
I don't know how I missed it before
Maybe that's what drew me to ya
But this is now and that was then
You'll never make me cry again

I ain't gonna cry again

Should have known better then
But I know better now, yeah, yeah, yeah

You can't hurt me any more...

X 2

You can't hurt me anymore
