She opened her heart to a tearaway, sheepskin
tearaway

He was covered in scars and full of heroin
Everyone said from the start
Not one single thing could ever be okay
She didn't listen anyway

She just opened her heart, threw her cares away
At night they held on so tight in the dark
He brushed her hair away
She heard him say

All my life I've been fighting
And making the best
[Incomprehensible]

Oh, your fighting got you nowhere
If nowhere's here with you, all I'm asking
And you could fight forever
But if you killed them all, you'd never will

So, give me your surrender
There are other ways to kill a prey
But then it would never mend you
It's like trying to dry your eyes in a pouring rain

She opened her heart to a tearaway, a sheepskin
tearaway
All covered in scars and full of heroin

Tearaway, sheepskin tearaway
Sheep, sheep, sheep, sheep, sheep
Sheepskin tearaway
