I WISH

INTRO - OBIE TRICE

Haha yeah, Obie's here  
Bringing you the latest news  
Everyone knows how we do

VERSE 1 - OBIE TRICE

i wish i could bring you back somehow  
and show u we all love u and we're still very proud  
of all the things that you've done  
and all the things that you've seen  
all the times that you've won  
and all the things you taught me  
but then a nigga had to take u away from the team  
but proof you know your still a part of me  
and if it wernt for you, then i still wouldnt be  
cuz all jokes aside, you saved me  
you made me realise the reality of this dream  
and now i know that not a lotta shit  
really exists

CHORUS ONCE - EMINEM

3 2 1 bring it back, bring it back  
i wish u could come back, back  
cuz im so sick and tired of all these gatts, gatts  
gangstas fighting over the silliest of things, things  
and then theres you and me  
closest as close can be  
proof, without u things aint the same, same  
and thats from all of us, cuz ur still in this game

VERSE 2 - EMINEM

Yo we are all equally the same  
But i cant help feeling mortally insane  
And losing control of all of this pain  
Cuz everybodys in this game  
I believe even god is on this journey too, and the  
feeling remains  
Imortal and blind to the person thats there  
At that specific occasion thats 99% rare  
I believe we've all been put here for a reason

I was put here to annoy people every season  
And proof was put here to prove himself to the game  
But now hes long gone and we all feel the same  
Fucking angry and hyped up and ashamed  
Cuz we spose to have each others backs  
Until 4 bullets were fired at his chest  
That was the most upsetting day for me and the rest  
Of the crew, cuz we didnt know what else to do  
Sometimes i sit and wonder how this world works  
People shooting down there own kind, just to get heard  
But fuck it if thats the way, they play  
Then we can play the same game, and win it in a day!  
GO BIZARRE!!

#### VERSE 3 - BIZARRE

My boy proof, taught me a thing or two  
He told me  
'remember man, no man is a failure if they got friends'  
He was my friend, and now hes gone again  
But this time for good, we aint never getting him back  
And that makes me break down and cry  
Cuz we all want him back  
But we gotta carry on, as if nothing happend at all  
Its easier to say that, than actually act  
Putting on a brave face is harder than it seems  
I need to get back on my feet  
But theres still no job openings  
I mean  
How lucky am i  
To have known someone who was so hard to say  
goodbye, to  
But its like another issue init  
People writing about it, like it dont mean anything  
So fuck all you that dont know shit

#### CHORUS ONCE

#### VERSE 4 - SWIFT

Dear proof  
You know man, since you been gone youve made us  
strong  
Each and every one of us, has gone on  
To do better things with our lives and ourselves  
And its all down to you, so thank you for your help  
I know you still up there probably DJing for god  
Keeping a lookout for the ones that aint so sure  
On what they want to do  
And if they need some more, support  
Of what we used to call, another class roar  
But man our friendship is still too good, to ignore  
I dont understand why they had to take you for

So lord  
Please take my dear friend and take care  
And proof baby, ill meet you when im dead  
On the heaven stairs, knowing you  
You would trip me up on the steps  
But proof man i know you up there with bugz  
And bugz if you can hear me, i need your support and  
love  
Right now my daughters calling me  
So imma leave you in peace, for you to breathe

#### VERSE 5 - KON ARTIS

I know everyones lost a special person in there day  
And most of them people have had a chance to say  
There sorrys and goodbyes, so now its my time to find  
The right words for the right place  
And we both know the right place is in my heart  
Cuz im through with the whores and all the gangsta shit  
Cuz ive realised that aint the real me  
I found the real me, and im a new grown man  
Its like ive transformed and forgot forgot about these  
fans  
But them niggas took it way too far  
By taking your life and breaking peoples hearts  
Cuz my heart has completley shattered into a million  
pieces  
So im outta this game, before anyone else  
Is put to rest

#### CHORUS ONCE

#### VERSE 6 - LITTLE BIZZO

Yo proof, i remember the first time i met you  
It was at Grimshaw Hill, i asked for your autograph  
So you wrote it on the poster that i had  
It was the best day of my life, that day  
And im sorry for whats taken place  
Its like they've taken away my vocab  
Cuz i dont know what to say  
You told me to live life to the full  
Cuz the next thing you know, its outta your control  
And your ready to fall  
Imma live it to the full  
But i wanted you to, too  
You told me  
The first step to getting what you want outta life  
Is to first decide, what you want outta life  
And then never ever stop  
Just go for your goal, until you reach it  
And then everyone will know, how hard your reaching  
Proof man, you taught me a lot in the past few months

Decending in this world aint a option, you just gotta go  
up
